The fees are applicable for all days/sessions that the child is booked in for and still needs to be paid if the child cannot attend for any reason for example sickness or holiday.

For those parents not claiming Government funding, we expect payments to be made termly in advance. Failure to make payments will mean that the sessions offered to the child may be withdrawn.

For children who are part-funded (15 hours), we will expect payments of those sessions not covered by the funding to be paid termly in advance. Failure to make payments for the sessions not covered by the funding will mean that these sessions offered to the child may be withdrawn. We will not withdraw Government funded sessions.

For children who are fully funded (30 hours), If you have received an eligibility code and we have confirmed you have been accepted for sessions for the Working Parent Entitlement for Children 2-4 Years Old funded by the Government, please note it is your responsibility to ensure that you will re-validate your code every 3 months. If your code becomes invalid at any time you will be responsible for payment of any fees due. If this is for a 2 year old, all fees will be your responsibility and failure to make payments for the sessions will mean that these sessions offered to the child may be withdrawn. If this is for a 3 year old (the term after their 3<sup>rd</sup> birthday), you will still be

entitled to the Universal Entitlement for 3&4 Year Olds (15 hours) and the remaining sessions will become your responsibility and failure to make payments for these sessions offered to the child may be withdrawn.
